The screenshot displays a combat interface from the game Star Wars: The Old Republic. The background is a dark, starry space with a large, glowing orange and red energy field in the center, possibly representing a boss or a specific combat mechanic. Two main combatants are visible: Lemman Russ on the left and T'kars Cabal on the right. Lemman Russ is a blue-skinned, armored figure with a glowing blue sword. T'kars Cabal is a red-skinned, armored figure with a glowing red sword. Below the combatants, there are two boxes labeled "CLOSE COMBAT 4" and "CLOSE COMBAT 6", with "MODIFIER 2" under the first. On the right side, there is a control panel with buttons for "ROLL DICE" and "CHARGE!". At the bottom, there is a text box identifying the T'kars Cabal as "Commander - Captain Phosis T'kar of the 2nd fellowship." The interface also features various icons and status indicators on the left and top edges.

While not as extensive as the Istivan DLC this pack does one thing that that no other one does

and what is that

Adds Leman "sing" Russ

as a big fanboy of both 30-40k i cannot help but sing joyus songs whilst beating the out of Horus as The Russ

as for Prospero itself it is a fun objective to work on the side if you find yourself on that part and is kinda funny to be all like

'this noise im hiding in prospero'

i recomend it
